

AdvanPortal™

High performance
RFID portal

[More info](#)

Benefits

Very high
detection rate

Very easy to use

No need of an
external computer

Characteristics

- High power RFID reader
- High gain antennas, with robust enclosure
- RF cables
- Android touch screen, 10" or 16" (optional), with bracket
- Barcode scanner (optional)
- AdvanCloud software (optional)

What makes our portal unique

- Very high read rate. It can read hundreds of tags in few seconds
- Easy integration with Keonn's AdvanCloud or 3rd party systems

Applications

- Tracking movement of goods at distribution centers and warehouses
- Asset tracking
